Ad Hoc Military Group Contribution on Sections A-1 and A-2 of
Part One of NIE 11-6-54

The partial Military Group contribution on Part One looks quite good to me. I have requested O/SI and O/RR reactions as to whether they will fully fill the bill. I recommend that we withhold a Board meeting until we receive all of Part One. At that time I would also plan to have a Steering Committee meeting to consider our future course.
